People, Leave & Workplace Policy

Employment practices and employee benefits

Document ID	02_PEOPLE_AND_WORKPLACE_POLICY
Version	2.4
Effective date	15 September 2026
Document owner	People Operations
Classification	Internal – Fictional training content

Purpose

This controlled document contains invented company-specific facts, rules, limits, names, and procedures. It is designed to be ingested into a Retrieval-Augmented Generation (RAG) system so that answers can be grounded in source documents rather than model assumptions.

1. Employment categories

• Full-time employees are eligible for the benefits in this policy after completing any stated waiting period.

• Fixed-term employees receive statutory benefits and any additional benefits explicitly written into their employment letter.

• Interns are not eligible for the annual learning wallet or wellness reimbursement unless their internship letter says otherwise.

• Contractors are not employees and must use the vendor onboarding process for access and payment matters.

2. Working hours and attendance

• Standard full-time schedule is 40 hours per week, normally across five working days.

• Employees should record attendance in PeopleHub by the end of each working day. A missed entry can be corrected within five calendar days with manager approval.

• Flexible start times between 08:00 and 11:00 local time may be agreed with the manager, provided team coverage is maintained.

• Overtime must be approved in writing before it is worked. Unapproved overtime does not automatically create a compensatory-off entitlement.

3. Annual and casual leave

• Full-time employees receive 18 days of annual leave per calendar year, credited monthly at 1.5 days. Employees joining mid-year receive a prorated balance.

• Annual leave may be carried forward up to 8 days. Any balance above 8 days expires on 31 March of the following year.

• Employees receive 6 casual leave days per calendar year. Casual leave is not carried forward and cannot be encashed.

• Annual leave requests of 1–2 days should be submitted at least 3 working days in advance. Requests of 3 or more consecutive working days should be submitted at least 10 working days in advance.

• Managers should respond within 3 working days. Silence is not approval.

4. Sick leave and medical absence

• Employees receive 10 sick leave days per calendar year. Sick leave may be used in half-day units.

• Medical evidence may be requested for an absence of more than 2 consecutive working days, or where there is a repeated pattern that requires review.

• If an employee is unable to notify their manager before the workday starts, they should notify the manager as soon as reasonably possible and update PeopleHub within 2 working days of returning.

• Sick leave is not paid out on separation and does not carry forward.

5. Parental and caregiver leave

• Eligible birth parents may take 26 weeks of paid parental leave, subject to applicable law and the eligibility criteria in the employment agreement.

• Eligible non-birth parents may take 4 weeks of paid parental leave within 6 months of the child's arrival.

• Adoption leave follows the same paid-leave duration as the applicable parental category when legal adoption documentation is provided.

• Caregiver leave is 5 paid working days per calendar year for an immediate family member's hospitalisation. It requires manager approval and supporting documentation submitted privately to People Operations.

6. Public holidays and office closures

• Each office publishes its own holiday calendar in PeopleHub by 15 December for the following year.

• Employees should follow the holiday calendar assigned to their work location, not their home location while travelling.

• If a customer-support roster requires work on a published holiday, the manager must arrange a substitute day off within 30 calendar days.

7. Learning and wellness benefits

• Full-time employees receive an annual learning wallet of INR 30,000, available after 90 days of employment.

• Eligible learning expenses include role-related courses, books, and exam fees. Hardware, entertainment subscriptions, and courses unrelated to the employee's role are excluded.

• Learning-wallet claims must be submitted within 45 days of purchase with an invoice and a short explanation of role relevance.

• Employees receive a wellness reimbursement of up to INR 12,000 per financial year. Eligible expenses include gym membership, sports facility fees, and approved fitness classes. Supplements, smartwatches, and personal electronics are excluded.

• Wellness claims must be submitted within 30 days of the transaction. The benefit is not transferable and unused amounts do not roll over.

8. Remote work and relocation

• Employees may work remotely up to 8 working days per calendar month with manager approval. Remote days cannot be accumulated or carried forward.

• Working from another country requires written approval from People Operations, Legal, and the employee's department head before travel. A manager's approval alone is insufficient.

• An employee-requested relocation is not reimbursable unless a written relocation addendum is signed before expenses are incurred.

• Employees must keep their work location and emergency contact details current in PeopleHub.

9. Separation and final settlement

• Resignation must be submitted through PeopleHub and copied to the reporting manager.

• Employees must return company assets by their last working day. IT clearance is required for final settlement processing.

• Unused annual leave is settled according to applicable law and the employee's employment agreement. Casual and sick leave are not encashed.

• People Operations is the policy owner for eligibility questions; payroll calculations are handled by Finance Operations.

10. Policy interpretation

• Where this policy conflicts with applicable law, applicable law prevails.

• Exceptions require written approval from the Head of People Operations and must be attached to the employee's PeopleHub record.

• Managers cannot create permanent policy exceptions through a chat message.

End of document — Questions should be routed to the document owner listed above. If the answer is not stated here or in another applicable controlled document, say that the knowledge base does not specify it.
